### Rhyme: Five Angry Ants

See video from Jbrary here: <https://bit.ly/3g3uf5d>

Five hungry ants were marching in a line	(bounce five fingers)
They came across a picnic	
Where they could dine	
They marched across the sandwich,	(walk fingers)
They marched across the cake,	(walk fingers)
They marched across the pepper,	(walk fingers)
That was a mistake!	
Ah-chooooo!	

Add verses by counting down to one ant (optional)

### Song: Six Little Ducks

Lead this song standing up, and have children follow you around in a circle repeating "quack, quack, quack."

Six little ducks that I once knew,  
 Fat ones, skinny ones, fair ones too.  
 But the one little duck with the feather on his back,  
 He led the others with his quack, quack, quack!  
 Quack, quack, quack! Quack, quack, quack!  
 He led the others with his quack, quack, quack!  
 Down to the river they would go,  
 Wobble wobble, wobble wobble, to and fro.  
 But the one little duck with the feather on his back,  
 He led the others with his quack, quack, quack!  
 Quack, quack, quack! Quack, quack, quack!  
 He led the others with his quack, quack, quack.

un marrano = pig  
una vaca = cow  
un pollito = chick  
una oveja = sheep  
un perro = dog  
un gato = cat

### EARLY LITERACY TIP:

When preschoolers practice sorting, they develop their ability to notice, process, and categorize the world around them.

**PRESCHOOL****Animal Sorting**

Children sort animals into one of two labeled bins (e.g., furry/scaly, tame/wild, small/big, land/water, etc.). To prepare, print pictures of 5 to 10 animals and laminate them for durability (or use storytime felts). Modify categories to suit your program and children's ages.

**Help Animals Find Food**

Children trace different types of lines that lead from animals to their food. This activity helps them to remember what animals eat and strengthens their hand muscles for learning to write letters. You could also give this worksheet to caregivers as a take-home activity.
