

September 2019

Wow, how time flies when you are having fun and I consider this position fun. I really have enjoyed working with all of the state representatives, library personnel, board members, and others through the years that I have been working with CSLP. After saying yes to the Iowa State Representative back many years ago when asked if I would take over the accounting for the organization, the rest is history. When I began working with CSLP back in 1995, there were 3 full state members. The membership grew slowly at first shortly after the turn of the century, membership in CSLP exploded. This was a wonderful boost for CSLP to have more voices and volunteers working to make the program what it is today.

In past years, I have given many statistics and numbers of the how many phone calls and minutes we were working with folks across the country but know that those numbers have also expanded as the organization grew. I continue to administer the organization by setting up board meetings and many ZOOM conference calls, assist librarians with passwords and logins, and organize the Annual Meetings, and that saying, 'all other duties as assigned'.

I have thoroughly enjoyed working with CSLP's Organizational Coordinator, Luke Kralik. His insight and guidance to this organization is invaluable and you are so fortunate to have him representing your organization. He is truly a professional and represents you well.

I have worked with many CSLP Board members over the years and each and every one of those board members has contributed countless hours of time to make this a fabulous organization.

As my time with CSLP is ticking away quickly, please remember that I will be with you through the end of my contract term on May 31, 2020. I hope that you will give the new person the same respect and courtesy that you have given me over the last 25 years. I've never professed to know everything, but I always find the answer for you.

Thank you for having faith in me to assist in leading this great organization to what it has become and best wishes to each and every one of you in the future!

Imagine the Story that can be told about CSLP in the future!

Respectfully submitted

Karen Day, CSLP Administrator
