

Membership Committee Report 2019 Annual Meeting

The Membership Committee, along with all the committees, first updated our section taken from the 2014 CSLP Organizational Handbook, including our Charge, Duties, and timeline. We worked to better reflect the current duties and expectations for the committee.

We determined the best use of our time was to individually contact state representatives and ask a few questions to learn about any positives, concerns, and/or misunderstandings there might be. The questions were:

1. Do you feel you have a good sense for how CSLP materials are used in your state? If so, please describe.
2. Do you feel the CSLP materials are meeting the summer programming needs of libraries in your state? Why, or why not?
3. If you were going to change one aspect of the CSLP materials, what would it be, and how would you see this change being accomplished?

Is there anything you would like to ask me, or a topic we haven't covered that is important to you?

Each committee member chose six or so state representatives from an overall Excel file and contacted them for a time to chat on the phone. As we have gathered replies, we determined that a second contact prior to the Annual Meeting might be useful, though we know many librarians are quite busy during the summer.

I would like to thank the CSLP members who volunteered to serve on this committee and hope they will consider it again for the next year as new topics and decisions may need to be addressed.

Respectfully submitted,

Sally Snyder

CSLP Membership Chair
